

I want to run for a position on the PSIA-AASI Intermountain Region Board of Directors. I have been a PSIA member since December 2015 and hold certifications as an Alpine Level 2, Child Specialist Level 2, and Adaptive Level 1 instructor and trainer. I have served on the Board of Directors, focusing on the Scholarship Committee, and have gained valuable experience as an instructor, trainer, and manager at Eagle Point and Brian Head resorts. With over 12 seasons in the industry, I truly enjoy my work on the Board, having contributed for the last three years. I am eager to continue my efforts to support our region, represent the most southern resorts, and help our membership reach their full potential.
